IT222 Project (2 members per team)

Spring 2020

Deadline: Sunday April 26, 2020 by 11:59PM

For this project you will be creating website of your preferred idea.

Your project needs to include the following:

1- Home Page: should include answers for the following questions:
   a. Why did you choose this idea?
   b. How will your website help people/society?
   c. Benefits from your website (is it educational/commercial/ or entertainment).
2- You project must contain 4 or more WebPages.
3- Home page MUST have (the entire links/navigation bar) and all the information needed for user.
4- All pages of your project MUST have the same layout. Need to be creative!!
5- All pages MUST be linked correctly to each other. All pages must have the same navigation bar, same footer and same styling.
6- Feel free to add more pages with needed information that can help the user.
7- By week 14, you will need to present your work to the whole class. You will have 5 to 10 minutes.

   Optional ideas:
   - Covid-19.
   - Online learning/teaching.
   - Sport statistics.
   - 5G and its effect on society.
   - Or any other idea of your choice.

Submission:

Zip all the files you used to create the project and submit them to canvas.
